

Greetings from Lake Victoria!

The team arrived safely (and in good travel time) to Mbita. They enjoyed seeing the sights of Kenya during the 7.5 hr drive, new/different things along the road side, the vast differences in vegetation and landscape, learning a little about Kenyan culture (from Joe) and meeting and getting to know the rest of their teammates; all 21 of them.

Before reaching Mbita, we stopped at a nearby primary school known for this great culture/traditional dancing. The students, in full costume, performed for the team. It was a great welcome to Luo land. Luo is the tribe of this area.

We arrived to Safari Village in time to enjoy a lovely sunset over the nearby islands and Lake Victoria. At dinner, the CGA Leadership Team, 5 Kenyans, joined them for a delicious meal. Now, they're off to sleep for the night!! They're exhausted! :-)

Everyone is in great spirits (despite their jet lag) and feeling healthy. Except, Karen Duffy. She's had some stomach issues since the flight over. She as a real trooper today enduring the long bus ride. Her daughter, Mary, is taking great care of her. We hope and pray that with some sleep and hydration she'll be feeling much better tomorrow.

Please pray for them all to get some good, solid sleep and wake feeling refreshed. Especially pray for Karen's quick recovery.

Tomorrow we start the morning early at CGA for Chapel and a special welcome to the team!

Good night from Mbita,
Joe and Daneen

Enjoy these pictures from today...
